RE: Jaya Sharma

Dear Admissions Committee:

I am pleased to write this letter of recommendation for my student, Jaya. Jaya is currently enrolled in my BC Calculus class. Her dedication, pleasant demeanor, and willingness to assist her peers make her a standout student, and I am delighted to recommend her.

Jaya consistently demonstrates a strong work ethic in her studies. Her commitment to understanding and mastering the material in calculus is evident in the time and effort she invests in her coursework. She approaches each challenge with determination and a hunger for knowledge, and her performance reflects her hard work and diligence.

Beyond her academic prowess, Jaya is a delightful student to interact with. Her positive attitude and enthusiasm for learning make her a joy to have in the classroom. She is quick to engage in discussions and actively contributes to a positive learning environment, which benefits not only her but also her fellow students. Jaya's willingness to assist her peers in both math and other subjects exemplifies her selflessness and dedication to the collective success of the class.

In conclusion, I wholeheartedly recommend Jaya for admission to Georgetown. Her strong work ethic, delightful personality, and commitment to assisting her peers make her an asset to any learning community. I have no doubt that Jaya will continue to excel in her studies and make a positive impact on those around her.

Sincerely,

Patrick White, Ph.D.
